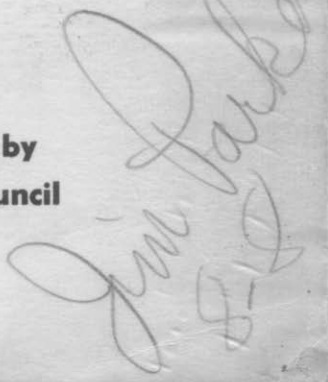
Student Council



The faculty, student body and I welcome you as a new pupil to Gunston Junior High School. Since we are a new school, you will play an important part in helping to establish the high standards and customs that will become traditions in our school. While you are here, you will engage in many new, worthwhile and exciting activities.

If you will apply yourself fully to each new task that you undertake, you will find that your stay here will be educationally rewarding and enjoyable.

I am looking forward to knowing each of you personally. If I can be of assistance to you in any way, please do not hesitate to visit me in my office.

Principal

ASSEMBLIES

Assemblies will be held whenever there is a worthwhile program to be presented to the student body.

ATTENDANCE

Regular attendance at school is one of the most important requirements for good work.

If at anytime you find it necessary to be absent from school, please bring a note with you the day you return containing the following information:

1. Date on which note is written
2. Date of the absence
3. Reason for absence
4. Signature of parent

If you have not brought in your note on the third day after the absence, you will be assigned detention until the note is received.

When you know that you are going to be absent ahead of time, it is your responsibility to obtain your assignments ahead of time from your teachers. Bring a note explaining the absence and have it signed by each teacher as you obtain your assignments.

Making up work missed as the result of an absence has always been a problem. It is suggested that a student contact another pupil in the class for assignments when the absence is of short duration.

In case of extended absences, the parent may call the school office. They will procure the assignments missed and make arrangements for you to pick them up.

CLUBS

The club program is conducted during the activity period of the school day. This period is usually scheduled every two

weeks and will be organized after the first report period. There are many clubs with a wide range of activities from which students may choose. All clubs are generally co-curricular in nature. The following clubs were offered last year. (This list will vary from year to year)

CORRIDORS

Hall traffic regulations are designed for the safety and convenience of students. Ample time is allowed between classes for you to get to your next class without running. Safety demands that you always walk in the corridors. When you arrive at your classroom, enter and take your seat so that you do not block the flow of traffic in the halls. When walking in the halls, keep to the right.

When classes change, the stairways are one way. One is plainly marked for traffic going upstairs, the other for traffic coming downstairs.

EMERGENCY CLOSING OF SCHOOLS

On days which begin with excessively hazardous weather, a special announcement will be made from every local radio station, with the first notice by 6:30 a.m. over WEAM; by 7:30 a.m. over WARL. In addition, the four major Washington stations will carry the announcement.

In case it becomes necessary to dismiss school after students arrive, each child should know to whom he is to report.

GUIDANCE

Your general education teacher is your teacher-counselor with whom you will have scheduled conferences from time to time. In addition, all of your teachers, counselor, and principals will be glad to help you in any way. Don't hesitate to contact any of the staff members if you have a problem.

HALL PATROLS

The Hall Patrols are a group of students who work in the halls before and after school and during the passing of classes. They contribute toward the safety of our school and should be respected by all students.
Their duty is to:

1. Keep order in the halls before and after school and during the passing of classes, and, if necessary, report continual offenders of hall rules to the proper authority in charge.
2. Report to their stations five minutes before the opening of school in the morning to direct hall traffic. Students will not be permitted to enter the building during good weather unless they have a building pass signed by a teacher.
3. In case of inclement weather patrols will instruct students where to report when they arrive at school.
4. When school is dismissed the patrols will see that all students leave the building unless they are under the supervision of a teacher.

HISTORY

Gunston Junior High School is presently operating in the building that was originally called Dolly Madison Junior High School. Dolly Madison Junior High School was built in 1945 at a cost of approximately $285,000. It is located on Shirley Highway near Glebe Road on a plot of land containing 4.9 acres. The building has a two story classroom wing consisting of 21 classrooms; a gymnasium with shower rooms; a library, office, and clinic space. It is a sandstone and soapstone building with plastered walls over cinder block. In 1953 when it was made into an elementary school, the name was changed to Brandon.

The name change was necessary to avoid confusion with the Madison Elementary School in North Arlington.

In 1954 when the federal government closed its housing project in the county and the Defense Department built a school on the Fort Myer Military Reservation, Brandon was without pupils. The school was closed from September 1954 to September 1955 during which time it was occupied by the Recreation Department of Arlington. In September 1955 the school was re-opened as the Brandon Junior High School. During the summer of 1956 these students and staff moved into the new Kenmore Junior High School.

In September 1956 Brandon Junior High School opened with the present staff and an enrollment of 343 seventh grade students and 63 sixth grade students. During the summer of 1957, these students were transferred to Wakefield.

In September 1957, Brandon again opened with only seventh grade students. The school board authorized the use of the name Gunston Junior High School inasmuch as these students would be the first ninth grade group in Gunston. We expect to move into the new Gunston Junior High School Building by September 1958.

Gunston Junior High School is named for Gunston Hall, the home of a great American, George Mason, author of The Virginia Declaration of Rights.

LEAVING SCHOOL GROUNDS

Any pupil leaving the building before regular dismissal must report to the office to sign out. No student will leave the school grounds at any time without permission.

LIBRARY

The library is located on the first floor of the building. Housed here is a growing collection of books and materials that will not only aid you in your classwork but will give you many hours of pleasure. Get in the library habit and get to know your librarian.

The library will be open thirty minutes before school and thirty minutes after school so that the students may have additional

time to work here. All students reporting to the library during school hours must have a pass from their subject teacher.

Most of the library books may be borrowed for a period of two weeks and may be renewed if necessary. Books ON RESERVE may be checked out overnight from 3:15 P.M. until 8:45 A.M. Reference books, magazines, and information file material may not be taken out of the library. Fines for overdue books are two cents a day except for RESERVE books which are five cents a class period. Get in the habit of returning your books on time and avoid paying fines.

The library is a place of many activities but all of these activities are centered around the material available for your use. Remember that everyone will not be doing the same type work that you are and, therefore, a considerate and courteous attitude is necessary for all.

LOCKERS

You will be issued a hall locker with a combination lock in which to keep your books, wraps and other personal property. You are responsible for keeping your locker clean and orderly. Lockers will be inspected at regular intervals. Be sure to keep your locker locked at all times.

As soon as you receive your combination, commit it to memory. Do not tell anyone your combination. Your locker will be a safe place to keep your property if you alone know the combination. Please report any difficulty with your locker to the assistant principal.

Make a habit of going to your locker when you arrive at school, at the end of the third period before going to lunch, after lunch, and at the close of the school day. Time and space do not permit you to go to your locker between each class period.

LOST AND FOUND

All lost and found articles will be turned into the office. Pupils who lose articles will report to the office during regular hours to claim their property.

LUNCH

Since we do not have a cafeteria, all pupils bring their lunches from home. The lunches are kept in student lockers until the end of the third period. The lunch period will be from 11:52 to 12:22 on the regular schedule and from 12:15 to 12:45 on activity schedule. Pupils will eat lunch in their fourth period classroom under the supervision of the fourth period teacher. All pupils must spend the first 15 minutes of the lunch period in the classroom. On nice days, a bell will ring at 12:07 to permit pupils to go outside (or a limited number to the library) for the remainder of the lunch period.

Each Friday, fourth period teachers will collect milk money for the following week. One pupil from each room will report to the lobby at the beginning of the lunch period to pick up the milk for that room.

Ice cream will be sold in the lobby. Each day one pupil in each room will take the ice cream order, collect the money, and report to the lobby for the ice cream. Ice cream will be sold only to one representative from each room.

All food, including ice cream, fruit, etc. must be eaten in the classroom. No food is to be taken out on the school grounds.

Students going outside at lunch time will remain outside until the close of the lunch period.

LUNCH PERMITS

If you live near the school and desire to eat lunch at home, bring to the office a note from home stating this fact. You will be given a permit card which you will carry at all times in order to have evidence of your permission to leave the grounds during the lunch period.

SCHOOL BUS

The Arlington County Schools furnish transportation for those of you who live more than one and one-half miles from school. It is the responsibility of the school system to see that you are transported promptly and safely. The driver of the school bus is in charge of the bus and must maintain order and safe conditions at all times. You are responsible for making sure that you do nothing to endanger yourself or the safety of the bus. Loud noises, shouting or making a disturbance of any kind may keep the driver from hearing the siren of an ambulance or police car and cause an accident. Moving around, pushing others, or wrestling on the bus may result in a fall for you or someone else. The driver of the bus has been instructed to keep safe conditions even if someone has to walk.

Bus Patrols are assigned to assist the bus driver in maintaining order on the buses. You are expected to give them your co-operation.

Bus passes are issued to those students authorized to ride a specific school bus. Loss of this pass may cause you considerable inconvenience. Protect this ticket; it affords you an important privilege. Patrols have been instructed to check bus passes regularly.

Late buses which will leave the school at 4:30 p.m. are provided for students who participate in after school activities on Monday, Tuesday, Wednesday and Thursday. These buses do not follow the regular routes but transport the students to their general living area. Late bus routes will be given to students after the opening of school.

STUDY HABITS

Many times, pupils in junior high schools do not do their best work because they have not yet established good study habits. You will want to get into the habit of getting your work done as quickly and accurately as possible. Below you will find listed some simple rules suggested by some of your fellow students who wish to help you improve your study habits.

1. Make the most of your time, teachers often allow enough time during class periods for pupils to complete assignments. Use this time wisely and you will be able to complete your work.
2. Budget your time! Everyone deserves some time for play as well as time for work. Plan your time so that you will be able to provide for both. If a subject is easy for you, spend less time on it than on a subject which is more difficult for you. If you are beginning a new subject this year, plan on spending a great deal more time on this subject, especially at the beginning of the year. When you are working on long-term assignments, plan to do a little work each day. It's not a good idea to "burn the midnight oil" on the "night before."

3. Have all the necessary tools when you enter your classroom or the library. Even at home when you start to study, make sure that you are equipped before you sit down.
4. Ask questions! Your teachers are anxious to explain to you those things which you do not understand. If an explanation is not clear to you, keep asking questions until you do understand.
5. It's a good idea to find a quiet place to do your homework. Remember, most of us have a "one-track mind"; it's not easy to watch television and do science at the same time. Be honest with yourself! Can you do your best work while listening to the radio? Determine a time and place for work, and do your work there. A good rule to follow is: Work first, recreation second.

TARDINESS

All pupils are expected to be seated in each classroom by the time the tardy bell rings. If you are detained by a teacher and arrive tardy to class, be sure to secure a note from the teacher who detained you.

TELEPHONE

The use of the telephones in the school office will be limited to school business. Students are not permitted to make or receive calls through the office; however, messages will be delivered in case of an emergency. A student will not be called to the telephone.

A pay telephone is provided in the lobby for student use.

TEXTBOOKS

Textbooks are furnished by the Arlington County School Board and will be issued to students in the areas of language arts, social studies, mathematics and science. You enjoy using clean, unmarked, attractive books. Be sure that the books you use are left in the same condition for future use.

Supplementary books are available in many classrooms. These books may also be borrowed from the teacher for home use.

Please do not remove a book from a classroom without signing for it, as your teacher must keep a record of all books at all times.

WITHDRAWAL OR TRANSFER FROM SCHOOL

When a student desires to withdraw or transfer he should observe the following procedures:

1. Present a note to the office from your parent or guardian stating the reason at least two days in advance of the expected transfer.
2. If known the note should give date of withdrawal, new address and name of new school.
3. A form will be given to you which is to be signed by all staff members concerned with your school program.
4. Upon completion of this form, it is to be returned to the office, where a transfer will be prepared.
